Welcome to the Multitech Journal of Applied Sciences (MJAS), a scientific journal dedicated to the dissemination of cutting-edge research and innovations across various applied science fields. MJAS is committed to providing a leading platform that connects research and technological advancements with real-world challenges, focusing on applied technology solutions.

This journal publishes articles covering pioneering research in areas such as engineering, applied sciences, information technology, biotechnology, and other fields relevant to the advancement of science and technology. Each submitted article undergoes a rigorous peer-review process to ensure high scientific quality and integrity.

With the launch of MJAS, we aim to make a meaningful contribution to the development of scientific knowledge and technology, while strengthening collaboration between academia, industry, and government to create innovative solutions for global challenges.

We extend our sincere gratitude to all authors, reviewers, and readers who have contributed to the success of this journal. We hope that MJAS will continue to grow and provide valuable insights to the global scientific community and industry practitioners alike.

Happy Reading

Marisa Yunita, S.Pd., M.M
